

End-to-End Event Management

Increase Event Revenue

Event management has come a long way from the binder-toting pros with reams of paper who seemed to have it all together. Technology advancements in sales, catering and event management are helping sales, conference and banquet teams work more efficiently by consolidating essential meeting data and automating even the most mundane tasks.

Easy-to-Use, Drag & Drop Interface

Screens are laid out in a logical, user-friendly format with drill-down capabilities, and folio management and room blocking are a snap with drag & drop.

- Intuitive meeting room scheduling
- Guest room and meeting room blocking
- Multiple room booking
- Schedule multi-day events
- Intuitive task planning and scheduling.

Real-Time Reporting

- Gain business insights using dashboards and reports
- Maximize sales revenues from group sales, conferences, and banqueting

Seamless Sales Management

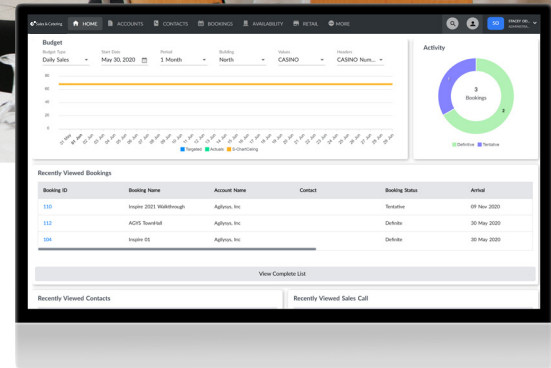

- Guest rooms, group services and functions can be managed from a single screen
- Yield management functionality to analyze booking pace

Centralize Catering Operations

- Quick event entry allows for last-minute changes
- BEO posting to support banquet staff, hotel operations & accounting
- Post InfoGenesis® checks directly to group masters

ABOUT AGILYSYS

Agilysys is well known for its long heritage of hospitality-focused technology innovation. The Company delivers modular and integrated software solutions and expertise to businesses seeking to maximize Return on Experience (ROE) through hospitality encounters that are both personal and profitable. Over time, customers achieve High Return Hospitality by consistently delighting guests, retaining staff and growing margins. Customers around the world include: branded and independent hotels; multi-amenity resort properties; casinos; property, hotel and resort management companies; cruise lines; corporate dining providers; higher education campus dining providers; food service management companies; hospitals; lifestyle communities; senior living facilities; stadiums; and theme parks. The Agilysys Hospitality Cloud™ combines core operational systems for property management (PMS), point-of-sale (POS) and Inventory and Procurement (I&P) with Experience Enhancers™ that meaningfully improve interactions for guests and for employees across dimensions such as digital access, mobile convenience, self-service control, personal choice, payment options, service coverage and real-time insights to improve decisions. Core solutions and Experience Enhancers are selectively combined in Hospitality Solution Studios™ tailored to specific hospitality settings and business needs.
