

# Harmony with Webex

Hospitality Communication  
with Cloud-Powered Innovation

• THINK DIFFERENT - BE DIFFERENT •

# Why Harmony with Webex?

Hotels are evolving, and so should your communication systems. Harmony with Webex is a cloud-based communication platform designed specifically for the hospitality industry, ensuring seamless staff-coordination, enhanced guest experiences, and cost-effective operations.

## Key Benefits :

**Scalable & Cost-Effective**  
Reduce overhead costs with our Per User Monthly Payment (PUMP) model.

**Seamless PMS Integration**  
Works effortlessly with Opera PMS and other leading hotel management systems.

**AI-Powered Automation**  
Improve service efficiency with virtual agents handling guest inquiries.

**24/7 Reliability & Security**  
Hosted on Oracle Cloud Infrastructure (OCI) for high availability and data protection.

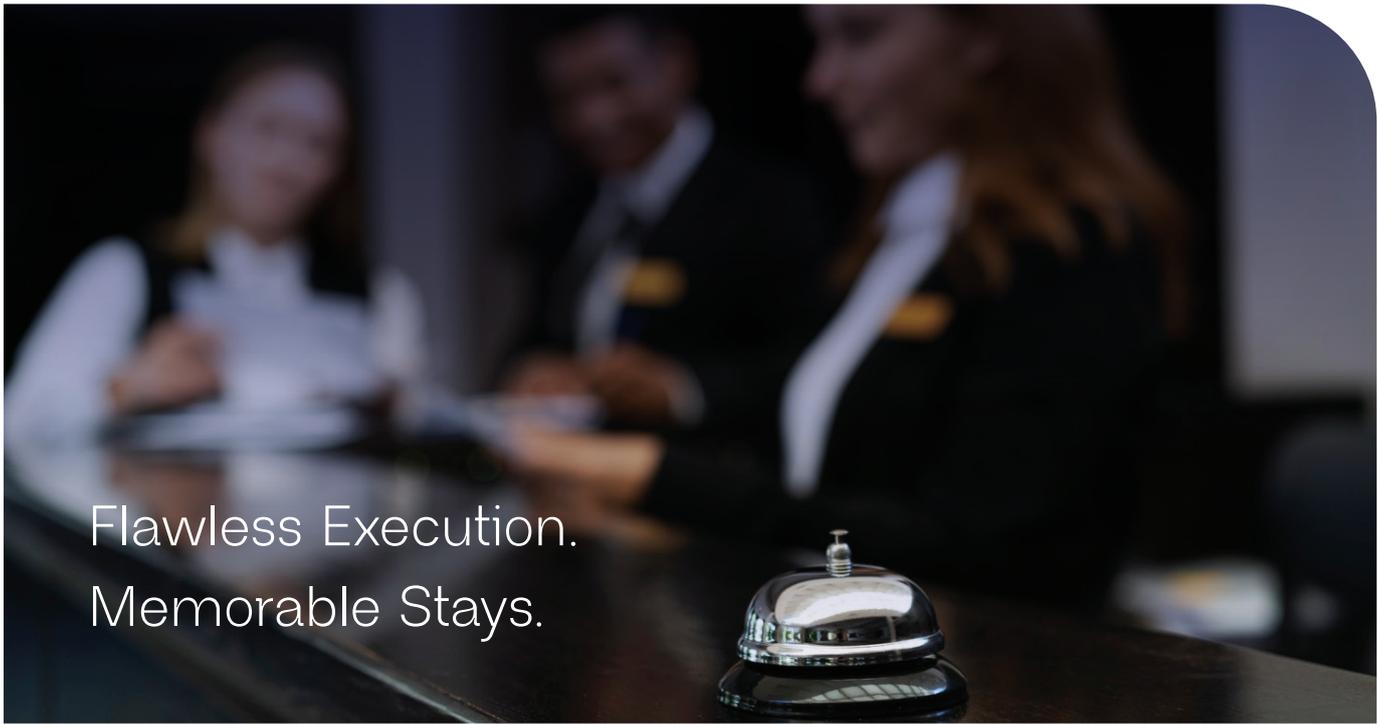

**Multi-Device Compatibility**  
Staff can connect via desktop, mobile, or tablet-anytime, anywhere.

**Eco-Friendly Operations**  
Reduce hardware dependency and carbon footprint with a cloud-first approach.

Seamless  
Staff-coordination.  
Enhanced  
Guest Experiences.

Flawless Execution.  
Memorable Stays.

## How Harmony with Webex Enhances Hotel Operations

### For Front Desk & Guest Services

- Quick guest request fulfillment through **automated ticketing and real-time notifications.**
- AI-powered **virtual concierge** for personalized guest interactions

### For Hotel Management & Operations
