

BERKELEY SERVICES GROUP
Company Profile - 2023

A MESSAGE FROM OUR OWNER

“We all faced enormous challenges in 2022. The solidarity and cooperation of all stakeholders were more important than ever before. We had to safeguard our own ability to operate so that we could provide reliable support to our clients in these often very difficult times. This enabled us to demonstrate that trust, commitment and reliability coupled with expertise are what characterize Klüh as a service provider and partner.

At all our branches in the United Arab Emirates and around the world, we worked hard to avoid the risk of infection and thus protect our clients, their customers and our employees. We did so by drawing on our wealth of expertise in hygiene, enabling us to contribute significantly to the continued operation of businesses and system-relevant infrastructure facilities.

It is said that family-owned businesses have a stabilizing effect when the economy is going through turbulent times. We certainly observed this phenomenon in 2021. Responsibility is something tangible at a family-owned business. Our planning is more resistant to crisis and we build trust, support the community and are an attractive employer. With a spirit of innovation, sustainable concepts and the use of new digital tools, Klüh is helping to shape all areas of the market for infrastructure services, even during the difficult year that was 2022.”

-Josef Klüh, Owner and Chairman of the Advisory Board

OUR PARENT COMPANY

Services are also an export product, as proved by the Klüh Group since it expanded abroad in 2000.

Originally founded in 1911, today Klüh Service Management is represented in a total of 8 countries - including 24 branches solely in Germany.

As of today, we are counting more than 52,391 staff from 130 different nations all over the world, producing a total revenue of nearly \$1.0 billion.

The Klüh subsidiary Berkeley Services in the United Arab Emirates is one of the leaders in the Facility Management segment and represented with sites in Dubai and Abu Dhabi.

Klüh's Airport Service is number one in the Netherlands, while the Klüh subsidiary "Wuhan Tongji Property Management" is among the market leaders in the clinic service segment in China.

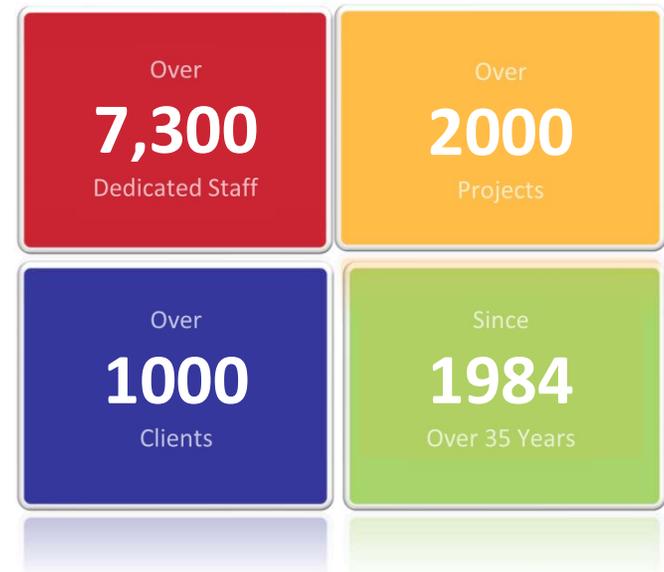

BERKELEY SERVICES GROUP

Berkeley is a company that covers the entire spectrum of Services in the field of Facilities Management.

Established in 1984, Berkeley is a member of the Klüh Group International Germany and offers an extensive gamut of Services to esteemed Clients across a spectrum of industries.

With a trained and professional workforce of more than 7,300 employees and growing, Berkeley maintains a significant number of properties and provides a wide array of Services to prominent local and international companies in the United Arab Emirates.

COMPANY PROFILE

We benefit from the knowledge and expertise of our parent company, who is a global leader and innovator in the field of Facilities Management.

The simple answer is that with over 38 years of local market experience and thousands of satisfied Clients, Berkeley is tried and tested.

We develop and nurture long term partnerships with our Clients. This is achieved by ongoing communication, adopting a policy of transparency and delivering what we promise on time and on budget.

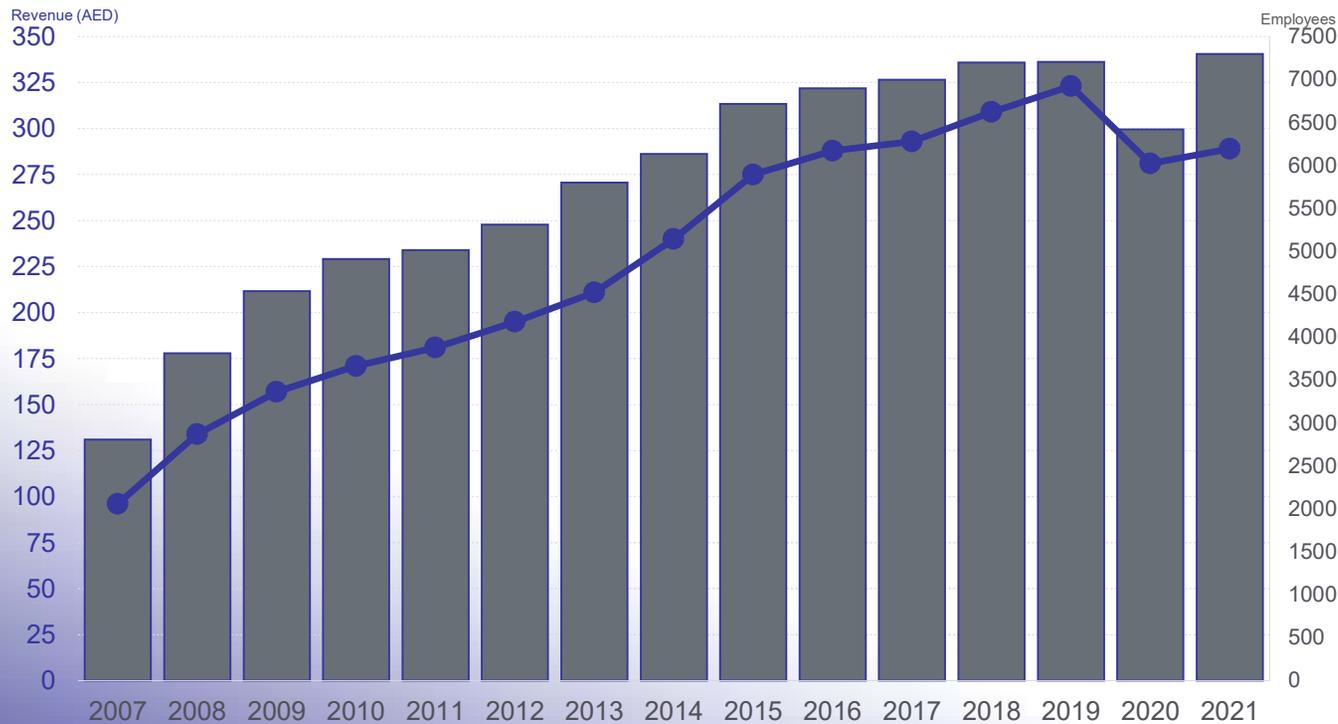

Berkeley was founded in Dubai in 1984 by Klaas Berkeley with only a small team of staff.

In 2007, Berkeley Services was acquired by Klüh Multiservice (Germany).

With dedication, motivation and hard work the company has evolved to today's extent, while our core values of Quality and Customer Satisfaction remain unchanged.

Now a UAE leader in the Multi Service Provider industry, Berkeley Services is proud of its more than 38 years history.
