Spring / Summer 2023

Uyuni Lighting is proud to present a range of candles with cutting-edge LED technology like no other. A realistic flicker you simply have to see for yourself.

## Earth Inspired

As the largest Salt Flats on earth, the Salar de Uyuni in Bolivia, South America, is a 129km stretch of exceptionally flat earth that is covered in a unique and mineral-rich salt crust.

The large surface area of this mesmerisingly stark landscape is contrasted by a vibrant blue skyline by day, and an opulent star-studded canvas by night.

Adding to its spell is the fact that after a little rain, the flats transform into the largest mirror on earth, reflecting any and everything in sight.

It is here, in the enchanting reflections, that our designers found inspiration for the Uyuni LED Candles; as they dared to dream of bringing the allure of these distant galaxies into homes across the globe.

## Candlelight Convenience

Uyuni Candles are traditional in their aesthetic, luxurious to the touch, and innovative in their mechanics. Not only is the 3D flame a first-of-its-kind, but Uyuni Candles offer a practicality that sets them apart; with remote control functionality allowing the user to turn each candle on and off from a distance or dim to their desire; with timer options of 4, 6, 8, or 10 hours. A 6-hour manual timer switch allows users to conserve battery life while still benefitting from a lengthy ambient glow.

## A Handcrafted Experience

We are proud of the process by which our candles are made. Our skilled team handcraft each individual candle using virgin paraffin wax. Because this is an organic material, it has properties that may cause your candle to slightly vary in colour depending on environment, temperature and light. We do our very best to minimise inconsistencies, but naturally these may occur.

Coloured candles are receptive to markings and fingerprints on the wax surface. As a result your candle may not appear completely smooth. We believe this makes each candle unique. Embrace the art of handcrafted candles and add some Uyuni LED Candles to your collection.

## Safe and Sound

Enjoy the long-lasting beauty and guaranteed safety of Uyuni Candles. With an innovative life-like flame, they don't melt, won't mess wax, can't set anything alight or blow out in a breeze, they are not hot to the touch, and are safe if knocked over and easy enough for the whole family to use and move about.

## Uyuni Features

- Handcrafted from virgin paraffin wax\*
- Superior 3D flame technology (Patent Pending)
- Warm-white LEDs
- 3 Dimmer options
- Unscented
- 4 | 6 | 8 | 10 hour-timer\*\*
- On | off control of all candles at once\*\*

- Improved battery life: Pillars with C Batteries now last 1000+ hours!
- See product list to see all battery types and durations

\* Excludes Tealight Candles, Outdoor Collection and Christmas Mini Tapers  
\*\* The Standard Tealight excludes remote control & timer features

## The Perfect Setting

This beautiful range of flameless candles adds the finishing touch to any room, for any occasion, or any setting. Enjoy the warming glow from one single pillar candle or experience the romance of a table lined with taper candles in an assortment of heights and a collection of colours. Outdoor function? No problem, we have a range of candles made specifically for your outdoor entertaining needs. The possibilities are limitless.

## Made for the Outdoors

Splashproof, wind resistant and UV protected. It's safe to say that our collection of Uyuni Outdoor Pillar Candles can handle mother nature. They're tough against the elements but still beautiful to look at and delightfully easy to use, with an innovative remote control and over 1000 hours battery life.

The Uyuni Outdoor Lantern is a modern take on the traditional, rustic lantern and brings an alfresco feel to your entertaining.

A hardened glass dome cover adds a contemporary aesthetic to this outdoor lantern. Dimmable lighting, remote control functionality, hours of warm candlelight, and a realistic cutting-edge 3D LED flame that gently flickers and offers you safe, effective, user-friendly lighting.

Three stylish and versatile accessories are sold separately, to both complement and enhance your Uyuni Outdoor Lantern.

## Behold the Bold

Spruce up your space with pillars and tapers in our delightful new range of hues. Get creative with candle combinations, gorgeous tones and design choices. Every once in a while we all need to add a pop of colour to a moody or monochromatic room. Our new selection of coloured handcrafted candles let you do just that. The coloured range of pillar candles have an authentic rustic finish, while the taper candles maintain a sleek traditional wax texture.

## The Season of Stone

The Chamber is a unique and sturdy candleholder made with a quality marble finish and a brass insert to securely hold your Uyuni Taper Candle. Beautiful to look at and easy to use, the Chamber candleholder is available in a number of colourways - Black, Green, Brown, and Grey - each with a useful indent for easy holding.

# Shapes and Sizes

While tradition goes a long way in creating an effortless style, a contemporary twist is welcomed into the Uyuni family. With brand new Cone, Round and Grooved candles, you'll be sure to modernise your space, effortlessly.

Our Figure Candles are handcrafted from real wax to offer the luxurious feel of a traditional candle, with a fashionable aesthetic to suit your modern home. As always, no mess, no fuss, and no bothersome wax spills. Just the most soothing, relaxing, and inspiring lighting.

# Set the Mood, Anywhere

The Uyuni range is brilliantly versatile. With endless opportunities in hospitality, events, and beyond, our cutting-edge 3D LED flames now offer hours and hours of warm and realistic candlelight, wherever you choose to use them.

Dimmable lighting, remote control functionality, and advanced flame technology, Uyuni offers you safe, effective, user-friendly lighting.

Light up the festive season with your own personal style and Uyuni Lighting. With a wide range of traditional and celebration candles, you're set for a stylish season.

## The Highlight of Winter

With a collection of festive colours, shapes and styles, our range of handcrafted Christmas Candles bring the perfect cheer to your home, your table, and your tree. Decorate your Christmas table with gorgeous Taper Candles, now also available in a variety of Christmas hues. Enjoy the rustic texture and festive pop of colour with our new coloured pillar candles, or complement the season with Christmas tree shaped candles or slim and sophisticated taper candles for your tree; which come with stylish gold alligator clips to hold them safely in place.

## A Gathering to Remember

We value tradition at Uyuni Lighting, which is why we are extending our Celebration Collection to include new outstanding Pillar Candles that not only make for the perfect occasional gifts, but also accentuate your table decor beautifully for any event. Bring your loved ones together this year. Sit around a table and celebrate traditions, holidays and people with Uyuni Lighting.

"Traditions help cement continuity as a society. They are celebrations and customs handed down from one generation to the next."
